Annotation. In our country i'm standing field from the day to the day developed is going this while own in turn to our country visit ordering the guests positive acceptance to do and their interesting I slept releases for all a must conditions Create important from issues one by doing puts That 's why in our article in our country hotel farm organize of reaching efficient find ways and them to life application to reach seeing we go out

Key word. hotel, hotel economy, foreign fifty tourists, local tourists, hotel managers.

Hotel economy one of the country economy for important important have has been from fields is one hotel economy, tourism sector with depends are tourists and tourists for sleep place present reach through to the country currency income increases.

Hotel economy the following reasons according to important have will be :

1. Currency inputs
2. The work places Create
3. Entrepreneurship growth
4. Other to areas effect

Hotels tourists and tourists by is used. Theirs they came in the state payments currency in the form of done increases. And this of the country currency income increases and of finance more to increase take will come. Hotels the work seats in creating important role plays In hotels one how many services, for example, call service, restaurant and chairs, bath and spa centers, sports hall and others works And

this to work necessary personnel work to issue possibility will give and to work according to demand increases. In hotels of fields growth and development, as well as tourism in the field of entrepreneurship growth for important opportunities creates And this entrepreneurship activity through of the country of the economy diversification and commodity and services export increases. hotel economy mutually of dependence the way opens. To hotels tourists when they arrived they are another also organize sectors enough, for example, in restaurants eats, local products buy they take exhibitions uses and debts will pay And this another in the economy of the sectors as well to grow possibility will give. So hotel economy tourism field in development big important have will be Tourism and hotel field development for countries as investments to do, touristic objects development, tourism industry and services strengthening, tourists for comfortable conditions Create and marketing activities done increase recommendation will be done. In hotels to be need has been convenience and conditions tourists for is important because their convenience and their satisfaction tourism industry development and of the country touristic plan according to permit in putting own importance have

The following convenience and conditions tourists for important

1. Good service
2. Comfortable location ;
3. Sound and digital services ;
4. Security and from khifats protection ;
5. of the country cultural atmosphere ;

In hotels good quality services present to be done need This is the guests happiness feeling increases and their back to arrive for recommendation to do and repeated visits with depends will be Good service of the hotel rating increases and tourists back to come provides. Hotels touristic to objects near location with comfortable to be need Tourists many of objects outside remains and to them near is located from hotels their uses they are for convenience and sincerity feeling

creates In hotels tourists for vocal services present reach very important This is theirs right at the time requirements satisfy themselves happy to do and their requirements suitable has been services present reach through done is increased. This type services for example, 24 hours service showing, excursions, extract transport services, call services, restaurants and others to be can In hotels amenities provide very important These are tourists comforts increases and their the rest on time happy to be provides. Amenities management system, free internet shares, hotel equipment provide and different of possibilities to use own into takes In hotels of tourists safety and from khifats protection to be done for necessary events take going important This is security services, video surveillance systems, security forces and different safety organizations through done is increased.

So in hotels convenience and conditions tourists for very important They are tourists for happiness, satisfaction and safety feeling in raising big important have will be And this tourism industry development and of the country tourism in the field permit and rating increases.

Guest houses for tourists comfortable and time for a happier place transfer for intended private places is considered They are tourists acceptance make, their to stay service show and touristic visits education reach for intended places as service does Guest houses tourism in the field visits the number increase, of the country economy enter get and the weather industry development possibility will give.

Guest houses for tourists convenience and service to show directed. They are to tourists comfortable and comfortable hotels offer reach through of tourists meaningful time that it will be held they provide. These amenities are good services, security activities together to be options, free internet, sleep localities and others own into takes They are to tourists of the country local culture and historical monuments in teaching own task performs This is for tourists of the country touristic objects near is located and mutually communication opportunities present reach through done is increased. Guest houses touristic to objects near location with separate stands

They are to tourists to objects fast to grow enable will give and of them use they get Location, tourists for close in places restaurants, shops, vehicles and another touristic visits with together to be opportunity creates Guest houses of the country local style and culture demonstration in reaching own importance have They are historical and cultural to monuments have to be possible and to tourists of the country identity the most complete show enable will give.
